Persons from a distance attending this meeting of the Vermont Historical Society will be furnished with free return tickets on application to the recording secretary.

Grand Isle County Convention.

The Grand Isle County Republican Convention, met at North Hero on Saturday, and was organized by the election of Hon. Orange Phelps, of South Hero, as President, and Hon. H. W. Allen, of North Hero, Secretary. The Convention was largely attended and the nominations which we give below, were made with great unanimity:

For Senator—Jed P. Ladd, of Alburgh; Judges—R. W. Darby, of Alburgh, W. C. Hoag, of Grand Isle; Judge of Probate—H. W. Allen, of North Hero; Sheriff—R. L. Clark of North Hero; High Bailiff—L. Sowles, of Alburgh; State's Attorney—J. M. Hawrigan, N. Hero.

FIREMEN RALLY! The Worrell Brothers, the accomplished jugglers, announce one of their pleasing entertainments at Academy Hall on Saturday evening of this week. The tickets for the entertainment are placed in the hands of the two fire companies of St. Albans, and the company selling the most tickets will be presented with a handsome silver trumpet which is now on exhibition at the Hardware Store of Messrs. McElwain & Brown.

The Messrs Worrell have given entertainments in many of the large towns of the state, and everything passed off in the most successful and satisfactory manner as we have no doubt it will in St. Albans. The following will give our readers an idea of the manner the affair is conducted:—

NOTICE TO FIRE COMPANIES.—Each Captain will receive the same number of Tickets, with the name of Company on; at the same time they will distribute them among the members of their respective Companies and they will continue to sell Tickets up to the night of the performance, keeping at the same time themselves the number sold. On the night of the performance, they will make their return to the Captain of their Company, and the Captains will out their statements, and seal the same up in an envelope, enclosing the money, and return to the Chief Engineer of the Fire Department at precisely 8 o'clock, in a private room; no person to be admitted except the Chief Engineer and Captains of Companies interested in the contest the Chief Engineer to retain the money in his possession until after the presentation of the Trumpet to the Company who shall have sold the largest number of Tickets. The Trumpet to be presented from the stage at the close of the evening's entertainment.

GOLD.—Up it goes since the nomination of Seymour and Blair, and as there appears to be a possible chance for their election. After the nomination of Grant and Colfax, gold was lower and greenbacks increased in value, proportionately as the markets abroad gained confidence in their election. The discrepancy between gold and greenbacks is governed almost entirely by the value of our bonds abroad, and the prospect of their full payment, according to agreement.

Greenbacks rise with the republican party; gold goes up with the democracy, and it has been higher since the New York Convention than it had been for over a year previous. Every time gold advances their is a proportionate advance in the price of every article of consumption and consequently an additional draft upon the hard earnings of the laborer and the small property holder. Will laboring men support Seymour and Blair?

Caucus.

The Republican Voters of the Town of St. Albans are requested to meet at Academy Hall on Monday, August 24, at 7½ o'clock p. m., to nominate a candidate for Town Representative.

ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering or have suffered, from involuntary discharges, what effort does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or bloody, or is itropy on settling? Or does a thick scum rise on the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnoea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel listless, mooping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as you used to? Do you lose your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so do not lay it to your liver or dyspepsia. Have your restlessness, nights? Your back aches, your nerves weak and have but little appetite, and you attribute this to dyspepsia or liver complaint?

Now, reader, self abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Do you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. I do not mean those inflated by running to excess. These will not only ruin their constitution, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiotcy, lunacy, paralysis, spinal diseases, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have died for all but the right one.

Diseases of these organs require the use of a Baurtic. HELMBOLD'S FLUID EXTRACT DUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmbold's Extract Baurtic, established upwards of 18 years, prepared by H. T. HELMBOLD, Druggist, 304 New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$6.50, delivered to any address. Sold by a Druggist everywhere. None are genuine unless done up in steel engraved wrapper, with fac-simile of my Chemical Warehouse, and signed
H. T. HELMBOLD.

OVER EXERTION, either of body or mind, produces debility and disease. The usual remedy is to take some stimulant, the effect of which is the same as giving a tired horse the whip instead of oats. The true way is to fortify the system with a permanent tonic like the Peruvian Syrup, (a protoxide of iron), which gives strength and vigor to the whole system.

Soriness of the flesh, tenderness of the scalp, are cured by using Renne's Pain-Killing Magic Oil. This is excellent also for sore throat, pain in the joints, and people say "It works like a charm."
